## ISSN# 2332-4503

The *Journal of Kinesiology & Wellness* (JKW) is a peer-reviewed online journal that covers issues in physical activity, health, wellness, and sport. JKW is a publication of the Western Society for Kinesiology and Wellness (WSKW) and is published bi-annually. The first JKW Edition is released in January and includes invited John Massengale Papers. The John Massengale Paper is an invitation-only paper authored by a prominent scholar. This edition also consists of scholarly papers based on original research (experimental, descriptive, historical, or philosophical) and the WSKW Chronicles. The WSKW Chronicles include post-conference proceedings such as conference abstracts.

The second JKW Edition is a Special Student Edition, that is reserved for scholarly papers based on original research (experimental, descriptive, historical, or philosophical) in which a student (undergraduate, or graduate) is the lead author.

~~~~~

**Visit the JKW website for more information:**
