The Journal of Kinesiology & Wellness (JKW) is a peer-reviewed online journal that covers issues in physical activity, health, wellness, and sport. JKW is a publication of the Western Society for Kinesiology and Wellness (WSKW). Accepted papers are published on a rolling basis. JKW publishes two editions each year. The first, or *Annual Edition*, consists of scholarly papers based on original research (experimental, descriptive, historical, or philosophical) and the invited John Massengale Paper. The John Massengale Paper is an invitation-only paper authored by a prominent scholar. The second, or *Student Edition*, is reserved for scholarly papers based on original research (experimental, descriptive, historical, or philosophical) in which a student (undergraduate, or graduate) is the lead author. The full volume is published each year in January, which includes the WSKW Chronicles. The WSKW Chronicles include post-conference proceedings such as conference abstracts.
